# 1. Fifth Transnational Meeting

The Fifth Transnational Meeting took place in AIDIMME. The meeting was held on the 14th – 15th February 2017.

During the first day, partners selected new pictures for the website, with the sole aim to disseminate the impact of the Eurojoiner project.

### 2.Intellectual Output O2

Partners started with the review of the generated templates, which will be a valuable tool as the syllabus of the MOOC course. As agreed in the Intellectual Output O1, partners are responsible of one of the seven Training Modules that compose Eurojoiner course:

- First module: Preparing and Planning: OSB Metem
- Second module: Selection of machines and materials: Amledo&Co.
- 3. Third module: Processing: CFPIMM
- 4. Fourth module: Assembling: HMCollege
- 5. Fifth module: Finishing: Woodwize
- Sixth module: Installing on-site: CIP FP Catarroja

 Seventh module: Completing work assignment: AIDIMME

The consortium also decided that, as each training module covers quality control, to concentrate this subject in a specific Training Unit of the last Training Module.

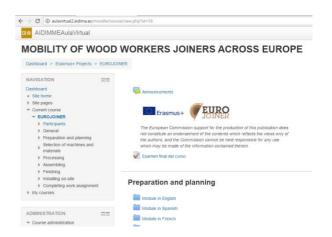

In the case of risk legislation, in the sixth Training Module, an European tool for safety and health will be used: oiraproject.eu/en/oiratools/woodworking

Furthermore, it is necessary to review the number of hours of each training unit in order to standardize the whole MOOC Course.

### 3. Moodle Platform

The course will be allocated in this website:

http://aulavirtual2.aidima.es/moodle/course/view.php?id=56

Partners are discussing the best way to implement a Questionnaire Bank in order to make the most of the Pilot Course.

A set of maximum 10 questions for Training Unit is encouraged to assess the Unit.

# 4. Second Multiplier Event

The Second Multiplier Event will take place the 10<sup>th</sup> and 11<sup>th</sup> May 2017 in HMCollege, Rotterdam.

The school will invite both national and international participants to such event.

## 5. Third Multiplier Event

The Third Multiplier Event will take place the  $13^{th}$  and  $14^{th}$  September 2017 in CFPIMM, Porto.

The school will invite both national and international participants to such event.
